

**ACA Requirement to Have Health Insurance**

One provision of the Affordable Care Act, required that in 2014 all Americans must have qualified health insurance or face a "Shared Responsibility Payment", more commonly known as the Health Care Penalty. A lesser known amendment to the Act allowed insurance providers and large employers a one-year delay in reporting the coverage in 2014 to both the IRS and to the Taxpayer, because rules had not been established by the IRS to allow timely and correct reporting. Many taxpayers may still have delays in receiving their tax information for 2018. In order to remind you of the rules and to protect us both from future IRS liability in the event of an audit, we require all individual taxpayers for 2018 to positively affirm the following items related to Health Care.
